## 20.VENTI HOME

Designed by 967ARCH

20.VENTI HOME: A DOMESTIC DESK AND MUCH MORE

Compact, versatile, elegant: 20.Venti Home, the home version of the namesake system by 967ARCH, born two years ago to meet the new needs of working spaces, reinterprets in a contemporary key the desk of the past. 20.Venti Home perfectly expresses the present trend to dynamic and shared job. A job that, if necessary, may become highly independent. An attitude also adopted at home, where, for a few years, home office spaces have been created, i.e. real active corners to work either continuously or temporarily.

This brand new furnishing solution is not restricted to home environments, but it also lends to other operational contexts: libraries, hotels, exclusive schools and colleges. As for the office version, also 20.Venti Home stands out for the same 2x2 cm profile and the possibility to customise it in terms of colours and finishes. Moreover this desk features an unusual and practical soft cloth pocket, that is hidden very discreetly under the tilting worktop, for storing tablets, devices, documents, books and magazine. A fresh and multipurpose furnishing proposal to meet plenty of needs and end-uses.
